For six and eight course menus we also offer a wine menu for €25 and €30 p.p.

We also have a wine cart with wines out of our bodega which holds a selection of hand-picked wines from a nice house wine up to the very best Spain has to offer.

In the preparation of the food we serve, we use where possible fruit and vegetables from our own organic garden, for the rest of the groceries, we strive to use organic products and meat from wild or free range animals.
